MUSONZA

TRANSPORT & CONSULTANCY INC.

COMPANY PROFILE

Logistics • Supply Chain • Real Estate • Investments • Consultancy

ABOUT US

Musonza Transport & Consultancy Inc. is a Zambian-based, diversified operations group offering integrated solutions across freight and logistics, supply chain management, real estate development, strategic investments, and specialist consultancy. Built on hands-on operational experience across Southern and East Africa's busiest cross-border corridors, the company brings a rare combination of on the ground logistics expertise and forward looking business development to every engagement.

We work with fleet operators, freight forwarders, agribusiness and mining clients, property developers, and investors who need a partner capable of moving goods, managing risk, and building long-term value not just executing a single transaction.

VISION & MISSION

Vision

To be a leading diversified operations and investment group across Southern and East Africa, recognised for operational excellence, integrity, and sustainable growth.

Mission

To deliver reliable transport, logistics, real estate, and consultancy solutions that create measurable value for our clients, partners, and communities grounded in disciplined execution and transparent reporting.

CORE VALUES

- Integrity — transparent dealing with clients, partners, and regulatory authorities
- Operational Excellence — disciplined, data-driven execution at every stage
- Reliability — consistent delivery, even across complex, multi-jurisdictional operations
- Partnership — collaborative relationships built for the long term
- Growth Mindset — continuous improvement and investment in people and systems

OUR SERVICES

— Transportation and Logistics

End-to-end freight movement and cross-border transport coordination, including customs clearance facilitation, fleet turnaround management, and route and corridor optimisation across regional trade corridors.

— Supply Chain Management

Design and oversight of efficient, resilient supply chains — from procurement and inventory flow to distribution planning — helping clients reduce delays, control costs, and improve visibility across their operations.

— Real Estate Development

Identification, planning, and development of residential and commercial property projects, managed with the same operational rigour and risk discipline applied across the group's logistics business.

— Strategic Investments

Selective investment in ventures and assets aligned with the group's core strengths in logistics, property, and regional trade — structured to generate sustainable, long-term returns.

— Consultancy Services

Advisory support for businesses operating in logistics, fleet operations, and cross-border trade, covering process design, compliance, hazardous cargo handling, and operational turnaround.

WHY CHOOSE US

- Direct operational experience managing complex, multi-party cross-border freight corridors
- A diversified structure that spans logistics, property, and investment for broader client solutions
- Strong regional networks across Zambia, Tanzania, and the wider Southern/East Africa corridor
- A track record of building practical operational tools and systems that improve performance
- Client-first, evidence-based approach to problem solving and reporting

LEADERSHIP

Andrew Musonza — Founder & Principal

Andrew Musonza brings extensive experience in cross-border logistics, fleet operations, and hazardous cargo management across Southern and East Africa. His career spans roles managing high-volume freight corridors, building operational tracking and reporting systems, and leading teams through complex, multi-jurisdictional customs and compliance challenges. This operational depth underpins Musonza Transport & Consultancy Inc.'s approach: solutions that are practical, well-governed, and built to scale.

Doreen Nyambe - Co-Director

Doreen serves as Co-Director, sharing strategic oversight of the group's operations across its logistics, property, and consultancy lines.

Ryan Chilele - Authorized Representative

Ryan serves as the group's Authorized Representative, supporting governance and representing Musonza Transport & Consultancy Inc. in official and regulatory matters.
